### **CET1 RATIO TARGET RAISED TO 13% BY 2027 ECB authorisation for €1.15 billion share buyback program**

BNP Paribas has raised its CET1 ratio target to 13% by 2027. This ambition is driven by three key factors: stronger Group profitability supporting capital generation, moderate growth in risk-weighted assets of around 2% per year, and an accelerated disposal of non-strategic assets.

BNP Paribas' increase in profitability is reflected in a confirmed ROTE target of 13% by 2028, up 210 basis point as compared to 2024. Two-thirds of this progress is driven from strategic plans already underway in the CPBF, Personal Finance, CPBB, and Asset Management businesses, which together account for one-third of the Group's risk-weighted assets. The remaining third of the ROTE improvement will be generated by other strategic businesses within the Group, which will continue to pursue disciplined growth underpinned by operational efficiency.

At Group level, BNP Paribas is focused on delivering continuous improvement in its cost/income ratio, with targets of 61% in 2026 and 58% in 2028, reflecting a strong commitment to cost control.

BNP Paribas also announces that the share of excess capital above the 13% CET1 ratio to be redistributed to shareholders will be determined at the end of each year.

In addition, the Group will launch in November 2025 a €1.15 billion share buyback program<sup>1</sup>, anticipating the distribution of 2025 earnings, as authorised by the ECB.

BNP Paribas' growth and profitability trajectory through 2028 will be detailed upon the release of the 2025 results. The 2027-2030 plan will be presented in early 2027.

Jean-Laurent Bonnafé, Chief Executive Officer, stated: *"Today's announcements are fully aligned with our long-term strategy and will help shape the 2027–2030 plan. By leveraging existing growth drivers, we aim to further enhance our profitability profile, while remaining attentive to our shareholders through a disciplined and attractive distribution policy".*

## **BNP PARIBAS GROUP SELLS ITS STAKE IN AG INSURANCE AND FORMALISES LONG TERM PARTNERSHIP WITH AGEAS**

On 7 December, the BNP Paribas and Ageas Groups signed a framework agreement.

Centered on the Belgian bancassurance operations between AG Insurance and BNP Paribas Fortis, this partnership renews a long-standing exclusive collaboration and provides a sustainable framework for the activity's accelerated development, particularly in the digital space. This partnership covers savings, protection and property & casualty insurance, and brings together BNP Paribas Fortis and AG Insurance's expertise, as the leading insurer in Belgium, to serve their clients.

AG Insurance and BNP Paribas Asset Management are also entering into a long-term investment partnership in certain asset classes, leveraging BNP Paribas Asset Management's new offering for insurers and pension funds, following its recent integration with AXA IM.

In this context, Ageas is consolidating its position in its core Belgian market, while purchasing BNP Paribas Fortis' 25% stake in AG Insurance for a total amount of EUR 1.9 billion.

BNP Paribas Cardif, BNP Paribas' insurance subsidiary, owning currently a 14.9% stake in Ageas, will make a EUR 1.1 billion contribution to Ageas capital. Based on an agreed price of EUR 60 per share, BNP Paribas Cardif would hold a 22.5% stake in Ageas, upon completion of the transaction.

As a long-term shareholder, the BNP Paribas Group will thereby strengthen Ageas' capacity for growth while preserving its autonomy and independence.

The deal is expected to be finalised in 2Q26, after obtaining the necessary regulatory approvals.

This transaction would result in a net capital gain after tax of EUR 820 million in 2026 and a positive impact after pay-out on the CET1 ratio of +5 basis points. In addition, the BNP Paribas Group net income would increase on a recurring annual basis by EUR 40 million.

Jean-Laurent Bonnafé, Chief Executive Officer of BNP Paribas, stated: "*We see significant potential in the growth prospects of BNP Paribas Fortis' bancassurance business through the partnership with AG Insurance, as well as the deployment of our new asset management platform's expertise created through the combination*

*of BNP Paribas AM and AXA IM. We are also pleased to support Ageas's long-term development, under the chairmanship of Bart De Smet and the leadership of Hans De Cuyper."*

*Hans De Cuyper, Chief Executive Officer of Ageas, said: "I am pleased to announce this new important milestone for Ageas and another significant step in implementing our Elevate27 strategy. Taking full ownership of AG enables us to further advance our Belgian operations, building on the re-confirmed bancassurance partnership with our long-standing partner, BNP Paribas Fortis. Only 1 year into the strategic cycle, this transaction marks the second occasion on which we have been able to raise our financial targets under Elevate27. We continue to chart our own path as a Group, with BNP Paribas as a committed shareholder who supports our vision and actively contributes to the growth of our business. I wish to extend my sincere gratitude to the management of BNP Paribas for their trust in Ageas."*

These discussions are at a preliminary stage. If a project were to move forward, further details would be disclosed in due course in accordance with applicable regulations.

**BUILDING THE EUROPEAN CO-LEADER IN FULL-SERVICE VEHICLE LEASING  
EXCLUSIVE NEGOTIATIONS BETWEEN ARVAL AND MERCEDES-BENZ GROUP  
FOR THE ACQUISITION OF ATHLON**

With a fleet of 1.9 million vehicles under full-service leasing and the strongest growth momentum in the market as well as the highest quality of service – achieving an average annual increase of more than 100,000 units over the past three years – Arval, together with Athlon, would create a combined entity of close to 2.3 million vehicles, compared to the current leader with 2.6 million vehicles in full-service leasing.

This would significantly strengthen Arval's presence in key markets and its competitive position in Europe, making it the European co-leader in full-service vehicle leasing.

The integration of these operational platforms would generate substantial cost synergies and materially enhance overall efficiency.

The expected ROIC from the transaction would reach 18%, representing a positive contribution to the Group's net income per share close to 200 million euros in year 3.

The target CET1 impact of close to -13 bps is already included in the Group's capital trajectory towards the objective of a CET1 ratio of 13% by end 2027.

This transaction is part of BNP Paribas' strategy to develop its profitable platforms in growth markets and to enhance the Group's profitability profile through targeted growth levers.

The contemplated transaction remains subject to the information and consultation process with the relevant employee representative bodies of the entities concerned. The completion of the acquisition of 100% of Athlon is expected in 2026, following receipt of the necessary approval from the competent authorities.

The parties will provide further updates on the progress of the acquisition in due course."

**SUDAN LITIGATION: RULING CLEARS PATH FOR BNP PARIBAS APPEAL**

On the 7th of January 2026, the decision by the judge to certify the October verdict clears the path for BNP Paribas to pursue its appeal. BNP Paribas welcomes the Court's decision as it allows the bank to pursue the procedure as planned. As BNP Paribas has consistently stated, the jury verdict is fundamentally flawed as a matter of fact and law. The Bank will demonstrate on appeal that the legal standards applied at trial were based on an erroneous application of relevant Swiss law and that a full and fair review of the facts requires dismissal of the case. Moreover, the October verdict is specific to three plaintiffs and should not have broader application. Any attempt to extrapolate or any speculation is necessarily wrong. BNP Paribas is thoroughly prepared for its appeal. The bank is confident in its arguments and that the October verdict will be overturned on appeal."
